School Meals

Following the success of yesterday's celebration day lunch, we are pleased to be able to offer 'hot grab bag' lunches from Monday 5th October. These should offer a wider choice for pupils and the opportunity to eat a hot meal. Each day, pupils can choose from four options including hot and cold vegetarian and non-vegetarian choices. We hope that this menu will encourage more pupils to take up the option of school meals as we have seen numbers decline steadily over the past few weeks.

Lunchtimes are a challenge for us under current restrictions; as you are aware, children are currently eating in classrooms to prevent 'bubbles' mixing within our dinner hall. Because of this, we are not yet in a position to return to a traditional lunch menu. We hope that this new menu will go some way to improve our provision until guidelines change.

Please share this menu with your children to prepare them for the choices in the morning. Class teachers will remind children of the options and ask children to place their orders during registration so that cook can ensure meals are ready for pupils.

Thank you for your continued support,

Miss Foster and Mr Nicholls.
