

# Year 1 Autumn

Welcome back after the Summer break. We hope that you all had an enjoyable holiday! This term our Creative Curriculum theme is 'Marvellous Me'. We will use this as a basis for planning the different areas of the curriculum where possible.

## Maths

10 ten	20 twenty	30 thirty	40 forty
50 fifty	60 sixty	70 seventy	80 eighty
90 ninety	100 one hundred		

As mathematicians in Year 1 the children will be counting forwards and backwards in ones and tens to 100. Children will begin to understand the place value of numbers and know how many 'tens' and 'ones' make up a number. They will practise adding two numbers together (starting with apparatus and moving on to number lines) and will begin to be able to recite the number bonds to 10. The children will also learn how to solve simple subtractions, starting with apparatus and moving on to number lines. They will also learn the features of 2D shapes and be able to name triangles, squares, rectangles, circles, hexagons and pentagons and will also look at how to measure length and height. Each area of maths learning will focus on fluency, reasoning and problem solving which are the key aims of the New Curriculum.

## English

In English the children will be working on writing sentences, using capital letters, full-stops and question marks correctly. Children will also be encouraged to use the conjunction

## Religious Education

The children will be looking at special places of worship and have the opportunity to visit a local Christian church. They will also be learning about how Christians celebrate Christmas.

## Art

As artists the children will be creating a self-portrait.

## Design and Technology

As designers the children will be planning, designing and making a healthy salad.

## P.E

This term there will be a focus on games. Children will be learning how to throw and catch different apparatus.

## History

As historians the children will be finding out about Louis Braille – a famous person from the past. They will also be looking at how they have changed over time; their learning will be enhanced by a visit from an elderly person and a baby!

## Geography

In geography children will be using simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.

## Music

As musicians the children will be exploring different sounds and will identify different ways sounds can be made and changed. They

<p>'and' to improve their writing. The children will be writing instructions and captions linked to our Creative Curriculum topic. Children will have spellings to learn on a weekly basis. Spellings will be tested on a Monday and they will receive new spellings on a Tuesday. Children will be taught how to practise spellings using – look, say, cover, write, check.</p>	<p>will and learning to accompany their songs with simple percussion instruments.</p> <p><b>ICT</b></p> <p>In ICT children will recognise different types of technology in school. They will identify parts of a computer and use the keyboard. Children will begin to learn how to use the internet safely.</p>
<p><b>Science</b></p> <p>As scientists the children will learn the names of body parts and find out about their five senses. They will learn about keeping healthy and how to make healthy food choices. The children will begin to look at the properties of different materials. We are hoping to visit 'Think Tank' in Birmingham to enhance our learning. The children will also learn about seasonal changes.</p>	<p><b>MFL</b></p> <p>French will be taught on a drip-feed basis, as and when appropriate. The children will be taught simple words and phrases such as – good morning, thank you very much, please</p>
