The View from my Window

Dear Families,

As part of our work towards our reaccreditation of the International School Award, we are delighted to be taking part in International Education Week (International Education Week | British Council). We are inviting families to take part in a project called 'The View From My Window'.

To take part, children need to:

1. Take a photo of a view from near to your house or around our school or local area
2. Describe what they can see in the picture, explain how it makes them feel and why it is important. Describe anything that is special or unusual in the photo. (Families can discuss this with children and support the writing to go with the photo where necessary).
3. Send in the project to your teacher with name and class clearly labelled by **Friday 22nd November**. Entries can also be emailed to office@elston.org.uk
4. There will be prizes for the winning projects.
5. Winning projects will be included on our website and shared with our partner schools.

We look forward to receiving your projects and thank you for your continued support.

Mr L Harris

MFL Leader
