

On Tuesday 15th March Nursery had a special delivery of some special eggs.

The eggs were put in an incubator and we had to wait and see what was going to hatch out of the eggs.

By Friday 18th March we had 4 little ducklings hatch and the children were very excited. One more duckling then hatched over the weekend. Over the next week the children helped look after the ducklings by cleaning out the cage, giving them exercise in a little paddling pool and lots of caring cuddles to make sure our little ducklings felt safe.

The children learnt all about the life cycle of a duck and was very excited to watch the ducks grow.
